

**JASMINE DOGS**  
***Mystic Adventures in Big Sur***  
***Volume One***

*Jasmine Dogs is about the process of life, and all the consequences of our actions. The legends and mysteries that influence each day, every move you make may be a mistake or in the case of Dyanna Falconer, taking a chance on a dream.*

*Life is going well for Dyanna, who lives on the fabulous coast of Big Sur and writes for Hollywood films, commuting between the land of LALA and back to the sanity of painting and reveling in the silence and beauty of home. She is not impressed by the money they throw at her, or the charms of screen god Kevin Stone until he shows up at her door and worms his way into her life. He is inescapably engaging, despite all of his "star" baggage.*

*It doesn't hurt that Dyanna is a beautiful and strong woman given to wearing flowers in her hair*

*and exotic costumes, or the fact that she writes great scripts and works hard. But it's not her talent that attracts Kevin, or the attention of the Esalen Indians who populate Big Sur. Dyanna is a woman of erotic tastes and many lovers who is drawn into the mystery of the JASMINE DOGS and the arms of THE MOVIE MAN...*

*Love, life and death in Big Sur are the themes that inspired writer J.W. Winslow to create Dyanna Falconer and bring her to the pages of the PREMIER GREEN NOVEL published by FRESH ART. In the process of production, famed Big Sur painter Erin Lee Gafill was commissioned to create the cover art, reproduced by the talented hands of Dan Christensen of Cypress Press.*

*Monterey's Guitar God Tom Ayres has created his own legend of music for the book, which will be recorded in audio format with musical themes and punctuated by Tom's creative licks.*

*JASMINE DOGS - Mystic Adventures in Big Sur, Volume One is the first book in a series about the wild Dyanna and her escapades. Volume Two has been completed and will be published by*

***FRESH ART in 2010.***

***FRESH ART is dedicated to publishing PREMIER GREEN BOOKS, and will continue to seek out the best people, components and writers to help us conspire to save the planet!***
